

Proclaiming grace in Boise!

## Christian Chiropractor's Conference Kansas City, Missouri October 3-6

Ken spoke and felt it was a big success. He was very well received. The attendance was good. The president of the association introduced Ken by talking about GES and the magazine and said everybody there should get it and how much he loved it. Ken did three sessions on three different days on the importance of context.

Ken says, "We looked at Matt 7, Mark 8, and James 2. They were very interested. Two attendees came up to me afterwards and said they had never known that they had eternal life until the conference. The president, after my last presentation, came up to me to thank me for coming. He was moved by what I'd said. About a dozen signed up to receive the magazine. I suggested that after they read it they should leave it in their offices for patients to read."

## Upland Bible Church Las Vegas, NV (October 13-17)

What a joy it is to speak at Upland Bible Church in Las Vegas. Sharon and I are so blessed each time we come to this church.

In the first hour on Sunday I spoke on the need to build up and not to destroy the local church (1 Cor 3:5-

17). In the second hour I discussed that our aim in life should be to please the Lord Jesus (2 Cor 5:1-11).

We stayed again with Tim and Daria Vanselow, who have become dear friends. We enjoyed great conversations, meals, and walks.

After lunch on Sunday I drove two hours to St. George, UT, for my tenth year in a row competing at the World Senior Games. I competed in racewalking (one silver, one bronze) and high jumping (bronze).

What an enjoyable trip!

Our thanks to Pastor Dick Olsen, his wife Debbie, Tim and Daria, and the entire church.
